

## Event attendees: Preparation and requirements for HORSES and DONKEYS

### BIOSECURITY REQUIREMENTS:

Property Identification Code: PIC

- All owners of horses and donkeys must have a valid PIC for where their stock are kept.

Identification:

- Horses and donkeys must not leave the property without either a freeze or fire brand or Approved identification.

NOTE horses and donkeys do not need rebranding if ownership changes and the current owner has proof of ownership.

ID Exemptions: Approved identification systems are in place –

- Horses registered to Australian and New Zealand Friesian Horse Society can travel if identified with a DNA test and microchip.
- Horses registered to the Shire Horse Society can travel if identified with a sketch, DNA test and a microchip recorded in Central Animal Records (CAR) and Society database.
- Horses registered to the Australian Warmblood Horse Association can travel if identified with a DPIRD registered stock brand and/or a microchip recorded in the association's database.
- Horses registered as Standardbreds with Racing and Wagering WA can travel with the Breed society freeze brand and may have DPIRD registered stock brand
- Horses registered as Thoroughbred horses with Racing and Wagering WA can travel with the DPIRD registered stock brand and microchip recorded by the Australian Stud Book and Registrar of Racehorses.
- A horse that is not registered with any breed society or equine association can be identified with a microchip if the current owner has the number registered to themselves with any of the six following commercial animal microchip databases. In WA, microchips must be inserted by a vet.
  - Australasian Animal Registry (AAR)
  - Central Animal Records (CAR)
  - Homesafe ID
  - National Pet Register
  - Petsafe
  - Global Micro Animal Registry

Movement:

- Horses and donkeys are not required to have a waybill when they move off property.

Name of person in charge of horse/pony \_\_\_\_\_ PIC no. \_\_\_\_\_

Address: \_\_\_\_\_ Contact Phone: \_\_\_\_\_

Name of Horse and Identification: (Colour/markings/brand) \_\_\_\_\_

Source Property (address of Property from which the horse moved to the Event

Destination Property (address of the property to which the horse will move after the event – if different to source property).

Health of horse/pony

I am aware that the congregation of horses at an event provides an opportunity for the spread of infectious diseases. I declare that the horse/s named above has/have been in good health and eating normally during the last 3 days leading up to this event. I give my authorization for the designated Animal Health official to arrange for a veterinary examination of the horse (s) named above if it/they show signs of a serious infectious disease at the event. I agree to pay any veterinary fees as a result of this.
